

ITEM No. _____

Stratus Radiant Broilers use radiant heat to broil a wide variety of meats.

Our broilers produce a great tasting product with attractive char-broiled markings.

The proven design allows easy cleaning and reduces maintenance clean-up time.

Cast iron radiants are removable and the 15,000 BTU/hr burners are located every 6" for even broiling.

Removable large capacity drip pan.

The heavy duty top grates are reversible in order to provide excess fat to flow to the front gutter and minimize flare up.

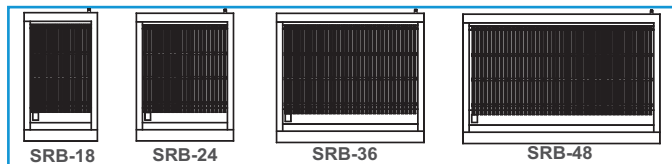

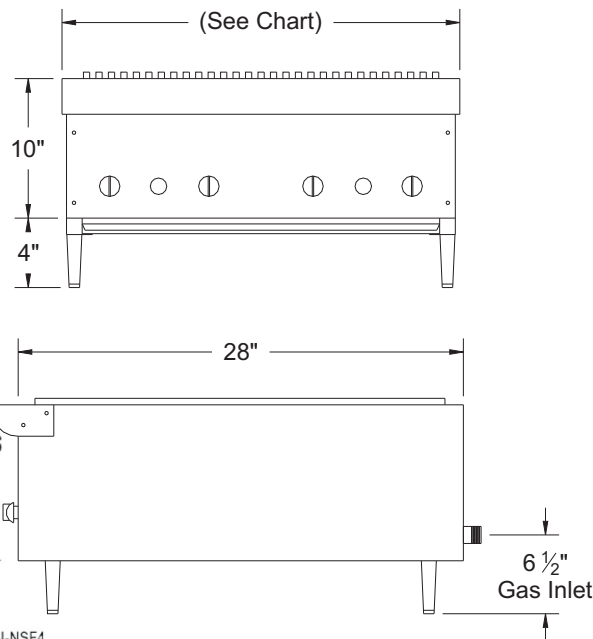

Heavy gage fire box liner with double insulated chassis.

Model: SRB-36

STANDARD FEATURES

- Stainless steel front, ledge and sides.
- Double side panels for better insulation.
- Stainless steel 3" landing ledge provides extra work space
- Individually controlled 15,000 BTU/hr Stainless Steel Burners located every 6".
- Removable cast iron radiants prevent clogging of burners and provide even broiling.
- Full width grease gutter and large capacity removable drip pan.
- Heavy duty cast iron top grates are 3" x 21" sections which are removable for easy cleaning.
