Glass Door Merchandiser

Glass Door Merchandisers
 Super Deluxe Series

Model : TGM-5SD

FEATURES / BENEFITS

■ LED LIGHTING INTERIOR DISPLAY SYSTEM

Brighter and longer lasting LED lights provide attractive, enhanced illumination compared to fluorescents. It saves energy by producing less heat, while maximizing the visibility in the display area.

■ MODERN DESIGN

By harmonizing curvature and rigidity, our modern style product designs are user-friendly while maintaining the highest product visibility and aesthetics.

■ TRIPLE PANE AIR INSULATED LAYER GLASS DOORS

Equipped with unique triple pane glass doors with a layer of patented, transparent thermal insulating film applied between the glass layers. Lightweight door construction reduces door maintenance and roller/bushing wear, and facilitates smooth door opening.

■ EFFICIENT REFRIGERATION SYSTEM

Turbo Air's glass door merchandisers are designed with oversized and balanced (CFC Free R-134A) refrigeration systems. These include efficient evaporators and condensers for faster cooling and greater efficiency.

■ HIGH-DENSITY POLYURETHANE INSULATION

The entire cabinet structure is foamed-in-place using high density, CFC free polyurethane insulation.

■ ERGONOMICALLY DESIGNED DOORS

Customers' fatigue fades away with easy grip handles and doors that open effortlessly. These features along with self-closing doors make this the ultimate choice in customer convenience.

■ BOTTOM MOUNT COMPRESSOR UNITS

Turbo Air's bottom mount compressor allows easier access for service and extra storage space above. In addition, the lower area provides a cooler and less greasy operating environment which results in reduced compressor running time.

■ MAGNETIC DOOR GASKETS

Magnetic door gaskets are of one piece construction, removable without tools for ease of cleaning and replacement.

■ ADJUSTABLE, HEAVY DUTY, PE (POLYETHYLENE) COATED WIRE SHELVES

**EXCEPTIONAL 2 YEAR
 PARTS & LABOR WARRANTY**

**REFRIGERATOR HOLDS 33°F ~ 38°F FOR
 THE BEST IN BEVERAGE PRESERVATION**
