Pizza Prep Table - Drawers

Food Prep Tables-Pizza Prep
 Super Deluxe Series

Model : TPR-93SD-D2

**EXCEPTIONAL 2 YEAR
 PARTS & LABOR WARRANTY**

- Drawer pans not included.

FEATURES / BENEFITS

■ STAINLESS STEEL CABINET CONSTRUCTION

The Turbo Air Super Deluxe model boasts a stainless steel interior and exterior (galvanized steel back & bottom). It guarantees the utmost in cleanliness and long product life. The Super Deluxe can add a touch of style to the most refined setting.

■ DURABLE STAINLESS STEEL DRAWERS

Drawers are easy to clean and assemble.

■ EXTRA DEEP CUTTING BOARD

Our cutting board is 19 1/4" deep and 1/2" thick to provide ample working space, and is made of easy to use and sanitize LDPE (Low Density Polyethylene). The new side rail cutting board bracket makes it easy to secure and remove the cutting board.

■ FRONT BREATHING, SIDE MOUNT COMPRESSOR UNIT

Through positioning the compressor to the side, the refrigerator can be serviced without being moved. By innovatively creating a **front breathing** feature, this model can provide high efficiency in narrow spaces.

■ INSULATED PAN COVER

■ HIGH-DENSITY POLYURETHANE INSULATION

The entire cabinet structure and solid doors are foamed-in-place using high density, CFC free polyurethane insulation.

■ EFFICIENT REFRIGERATION SYSTEM

Turbo Air's solid door refrigerators are designed with oversized and balanced (CFC Free R-134A) refrigeration systems. These include efficient evaporators and condensers for faster cooling and greater efficiency.

■ EXCELLENT COOLING SYSTEM

The powerful forced-air refrigeration system maintains the storage cabinet at a constant temperature. The evaporator fan and a newly designed stainless steel louver allow uniform distribution of cold air over the food pans and throughout the unit to keep food fresher longer.

■ ERGONOMICALLY DESIGNED DOORS & DRAWERS

Customers' fatigue fades away with easy door grip and drawers that open effortlessly. These features along with self-closing doors make this the ultimate choice in customer convenience. ABS sheet door liners resist water condensation with thermal efficiency.

■ MAGNETIC DOOR GASKETS

Magnetic door and drawer gaskets are of one piece construction, removable without tools for ease of cleaning and replacement.

■ REFRIGERATOR HOLDS 33°F ~ 41°F FOR THE BEST IN FOOD PRESERVATION
